

Technician – Full Time

Summary: Technicians play a big role in operational projects. The technician must be responsible, reliable, willing to follow directions, and have a keen eye for detail. We service different types of vehicles for our variety of customers, each of whom expect nothing less than superior workmanship. The technician must be able to work efficiently in a fast-paced environment.

Technicians are required to provide their own tools - (wrenches, sockets, screwdrivers, ratchets, drills, etc.). Heavy equipment is provided in shop - (band-saws, welders, grinders, etc.).

Required Proficiencies:

- Clean driving record
- Valid driver's license
- Ability to lift a minimum of 50 pounds
- Minimum of 18 years of age
- Ability to work well with others

Preferred Proficiencies

- Complex organizational skills
- Experience working in a shop environment
- Automotive Experience
- Certifications - (welding, fork lift, etc.)
- Fabrication skills

Conditions and Compensation:

- Full-Time
- Monday to Friday, 8 am to 5 pm
- \$10 to \$15 starting hourly rate, depending on experience
- Medical and dental benefits available
